

2023-2024 DRIVING CONTRACT

The parent/guardian signature below permits my student to drive to and from the Southeast Region Career & Technology Center (SRCTC) for classes.

If a student is reported to the High School Principal for any traffic violation by a police officer, a staff member of the Oakes Public School District, or a staff member of the SRCTC, that student will have their driving privileges terminated.

The student will be required to ride the school bus for the remainder of that semester. The student may not ride with friends, and if the student refuses to ride the bus, their class at the center may be terminated.

Students whose driving contracts are not on file by Friday, September 8, 2023, will not be allowed to drive to and from the Technology Center. This contract will stay in effect until completion of the 2023-2024 school year.

Principal _____

Student _____

Parent _____
